Dear Mineral King Film Fund Member,

We are happy to announce that the Mineral King film is nearing completion. We regret the unforeseen problems which delayed the production, but we feel the result is worth all the time and money and effort which has been put into it.

We are making arrangements for a premiere showing in September, probably at Bovard Auditorium on the U.S.C. campus. We will send more specific information later. We hope each of you can be there to see the mining town of Beulah; the Mineral King of the 1880's, and follow its development through to the present time.

Bruton Peterson and Jim Rascoe have been untiring in their efforts to secure just the right music, just the right narrator, the right interviews to cover all facets of the Mineral King controversy, and using innovative new film techniques, to blend them into an artistic experience with a message.

There will be no admission charge to the film. We look forward to seeing you in September. And remember, your donation to the Mineral King Film Fund is tax-deductible.

Sincerely,

Jean Koch

Jean Koch
Mineral King Film Fund

P.S. According to the Fresno Bee, all Disney and Forest Service personnel have been pulled off the Mineral King project.

Sorry this is late. I lost your address temporarily.
